**Direction For Use**

**Application:**

- SWX350 is packaged ready for use.
- Apply a generous amount of SWX350 on the surface with a clean cloth or a hand held spray bottle and wipe the surface. This initial step floats the contaminants to the surface.
- Use a second clean cloth to wipe the surface clean and remove the contaminants.
- For maximum results, wipe dry with clean cloth while the surface is still wet, to eliminate smearing of contaminants.
